## Micron Evaluated as Having the 10<sup>th</sup>-Largest Share of Imaging CROs

Micron, Inc. (Head office: Tokyo, President: Michita Sato) is pleased to announce that Micron's image analysis business was listed as the only company in Asia in a report titled "Global Clinical Trial Imaging Market 2020" by Global Info Research, a leading market research company in the world, and was evaluated as having the 10<sup>th</sup>-largest share of the global market.

According to market research report publisher Global Info Research, "Micron has been mentioned in Global Clinical Trial Imaging Market 2020. Fifteen vendors have been introducing as a leading vendor. Micron was described as the 10th market share holder in this field."

Micron's image analysis business is going strong. Orders for multiple therapeutic areas such as anti-cancer drugs, CNS (central nervous system), dermatology, and orthopedics, are increasing. Now, Micron is expanding its business area not only in Japan, but also in the Asia Pacific region. In addition, inquiries from Europe and the United States have increased significantly. Micron has recently executed a business alliance with Proswell, a CRO from China, and joined ACROSS Global, a global SME CRO alliance.

Additionally, as Micron aims to be a general imaging service provider, order requests for ICC (In-Country Clinical Caretaker) services have been increasing.

Micron will continue to contribute to pharmaceutical development as a general imaging service provider.
